

Shivanshu Gupta

Full Stack Web Developer

Firozabad, Uttar Pradesh, India | +91 9368220357 | rajkishoregupta716@gmail.com

GitHub: <https://github.com/shivanshugupta456> | LinkedIn: <https://www.linkedin.com/in/shivanshu-gupta-5122193aa>

PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on project experience building responsive, performant, and user-focused web applications using React.js, JavaScript, Node.js, Express.js, MongoDB, and Tailwind CSS. Skilled in full stack development, REST API development, JWT authentication, real-time communication, frontend development, and clean UI implementation. Strong foundation in Data Structures and Algorithms with Java and practical exposure to designing and delivering end-to-end web applications.

TECHNICAL SKILLS

Core Skills: Data Structures and Algorithms, Problem Solving, REST API Development, JWT Authentication, CRUD Operations, Responsive Web Design, UI Development

Languages: JavaScript, Java, Python, HTML, CSS

Frameworks and Libraries: React.js, Node.js, Express.js, Tailwind CSS, Socket.io, WebRTC

Databases: MongoDB, MySQL

Tools and Platforms: Git, GitHub, VS Code, Postman, Vercel, Render

EXPERIENCE

Full Stack Developer | Personal Project - Live Class | React.js, Node.js, Express.js, MongoDB, Socket.io, WebRTC

[Live Demo](#) | [GitHub](#)

- Designed and developed an interactive full stack learning platform with real-time video conferencing for live classes.
- Implemented video, chat, and whiteboard features to support live instructor and student collaboration.
- Optimized communication workflows by adding real-time messaging and moderation features for online sessions.

Full Stack Developer | Personal Project - CourseApp | React.js, JavaScript, Tailwind CSS

[Live Demo](#) | [GitHub](#)

- Designed and implemented a course discovery platform for browsing and accessing structured learning content.
- Optimized content exploration through simple navigation and clearly structured course layouts.
- Improved cross-device usability by building a responsive and streamlined learning experience.

Full Stack Developer | Personal Project - NoteTaking App | React.js, JavaScript, Tailwind CSS

[Live Demo](#) | [GitHub](#)

- Designed and built a note management application for creating, updating, and organizing notes efficiently.
- Implemented a lightweight interface that simplified note actions and supported faster daily usage.
- Enhanced user productivity through a clean, focused, and easy-to-navigate experience.

Full Stack Developer | Personal Project - Blog App | React.js, JavaScript, Tailwind CSS

[Live Demo](#) | [GitHub](#)

- Developed a blogging platform for creating, publishing, and reading articles in a responsive layout.
- Structured content presentation to deliver a clean reading experience across desktop and mobile devices.
- Improved article discovery and browsing through an organized and scalable frontend interface.

EDUCATION

Bachelor of Technology (B.Tech) in Engineering - Currently in 6th Semester

ACE College of Engineering and Management, Agra

Affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow

ACHIEVEMENTS

Built and deployed 4+ Full Stack Developer projects including real-time, content-driven, and productivity-focused applications.

Delivered responsive and user-focused interfaces with modern frontend technologies and practical full stack integrations.

Strengthened problem-solving skills through Data Structures and Algorithms practice using Java.

COURSEWORK AND CERTIFICATIONS

Completed a Data Structures and Algorithms with Java course through college training.

Relevant coursework includes Data Structures, Algorithms, Object-Oriented Programming, and Web Development.
