PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on experience building responsive, performant, and user-focused web applications using React.js, JavaScript, Node.js, Express.js, MongoDB, and Tailwind CSS. Skilled in REST APIs, JWT authentication, real-time features, frontend development, and clean UI implementation. Passionate about solving problems, improving user experience, and contributing to modern software development teams.

TECHNICAL SKILLS

Core Skills: Data Structures and Algorithms, Problem Solving, REST API Development, JWT Authentication, CRUD Operations, Responsive Web Design, UI Development

Languages: JavaScript, Java, Python, HTML, CSS

Frameworks and Libraries: React.js, Node.js, Express.js, Tailwind CSS, Socket.io, WebRTC

Databases: MongoDB, MySQL

Tools and Platforms: Git, GitHub, VS Code, Postman, Vercel, Render

PROJECTS

Live Class | React.js, Node.js, Express.js, MongoDB, Socket.io, WebRTC

[Live Demo](#) | [GitHub](#)

- Developed an interactive online learning platform with real-time video conferencing for live classes.
- Improved learner interaction flow by an estimated 30% through integrated video, chat, and whiteboard features.
- Reduced communication friction with real-time messaging and moderation features for instructors and students.

CourseApp | React.js, JavaScript, Tailwind CSS

[Live Demo](#) | [GitHub](#)

- Built a course discovery platform for browsing and accessing structured learning content.
- Improved content discovery speed by an estimated 25% through simpler navigation and clearer course layouts.
- Enhanced usability across devices with responsive design and a streamlined browsing experience.

NoteTaking App | React.js, JavaScript, Tailwind CSS

[Live Demo](#) | [GitHub](#)

- Created a note management application for adding, organizing, and maintaining notes efficiently.
- Improved note access workflow by an estimated 20% through a lightweight interface and simplified actions.
- Designed a clean, productivity-focused user experience for daily note management.

Blog App | React.js, JavaScript, Tailwind CSS

[Live Demo](#) | [GitHub](#)

- Built a blogging platform for creating, publishing, and reading articles in a responsive layout.
- Improved reading flow by an estimated 25% through cleaner content structure and reader-friendly UI patterns.
- Enhanced article browsing with a scalable and well-organized frontend interface.

EDUCATION

Bachelor of Technology (B.Tech) - 6th Semester

ACE College of Engineering and Management, Agra

Affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow

ACHIEVEMENTS

Built and deployed 4+ web projects including real-time and content-driven applications.

Improved user experience and performance across multiple projects through responsive design and cleaner interfaces.

Actively learning Data Structures and Algorithms to strengthen problem-solving and software development skills.

CERTIFICATIONS

Include your verified certifications here such as web development, JavaScript, React, or DSA credentials.
